

FREE home composting workshops

Did you know that over half of the rubbish Australians put in their garbage bin could be put to better use in the garden as compost?

Composting is nature's own recycling system. It breaks plant matter down into its original nutrient form and then returns that valuable nourishment to the soil.

Cabonne, Dubbo, Lachlan, Lithgow, Parkes and Weddin councils will be delivering a series of FREE home composting workshops in your area this September and October 2010!

So why come along to a workshop?

- **It's free!**
- **Receive a free "Grow Your Own Compost Kit" which includes all the information you need to get started.**
- **Be the running to win a free compost bin**
- **Take part in the almighty end of program "Community Compost Cook-Off Challenge" for a chance to win over \$750 in prizes!**
- **A trained facilitator from your local area will conduct the workshops and provide ongoing support to you in your quest to have the best compost in town!**

To book a workshop, or to find out more information, please contact your local Council

Cabonne: 02 6392 3200

Dubbo: 02 6801 4000

Lachlan: 02 6895 1900

Lithgow: 02 6354 9999

Parkes: 02 6861 2343

Weddin: 02 6343 1212

The workshops are being conducted as part of a new regional initiative proudly sponsored by NetWaste, Central NSW Councils (Centroc) and the NSW Environmental Trust.
