2011 Application for Media Accreditation

If you wish to work in an official capacity at the 2011 NSW Landcare & Catchment Management Forum (5 -7 Sept 2011) please complete and return this form. This will assist us to maximise your media opportunities throughout the Forum.

Accreditation is a means of identification for attendance at particular events and allows access to some restricted areas. It also makes it possible for officials to extend every courtesy to you. The Forum committee will endeavour to meet most media requests.

Following receipt of your application, you will be able to receive updates on developments by media releases distributed before the event. A media pass, a media kit and further details of the event will be made available to you from the Media Manager prior to the Forum.

This form is for one person only, not multiple applicants. A separate form must be lodged for each person seeking media accreditation.
